Photography

BECOME THE MASTER

There are countless skills that can help reduce your regular expenses. Use this worksheet to build out your very particular set of (money-saving) skills.

"SKILL-TESTING" QUESTIONS

Once you've identified the new skill you want to learn, answer these questions to kickstart your plan:

What could I accomplish by mastering this skill?

What are three different methods I could use to develop this skill?

Who do I know who could help me learn this skill?

What's a simple way to practise this skill every day?

What's the first step I need to take?
